

K-Love is the main station that I listen to. Not only is it valuable on the community level, but it connects us to listeners nationwide. K-Love is one of the few upbeat, inspirational stations in our area. It does not have filthy language in the songs or from the D.J.'s and never needs to be censored for children's hearing. If K-Love was no longer on the air, it would leave a void. Not only is it a clean station, but it inspires you to be a better person and encourages you along the way. KEEP K-LOVE ON THE AIR!!!
